

LINDA INDERGAND

3RD XCO

“It rained the night before the race. This makes such a technical course like Haiming very tricky. I had a good start, but left a small gap to the rider in front of me knowing there would be trouble going up all the slippery roots. This tactic worked perfectly and I overtook enough riders to find 3rd place from the beginning.”

QUICK FACTS

- Maxxis Aspen 2.4 on 30mm rim, 0.8f/0.9r bar with CushCore front and rear
- Shimano 32t chainring
- Moto foam placed in areas on the frame that could collect mud
- Front fender on Fox Factory 34 fork
- Cuore long-sleeve skinsuit choice for managing temperature in wet, cool conditions
- 100% Ridefit gloves for a bit more warmth and grip

RONJA BLOECHLINGER

6TH ELITE XCO/1ST U23 XCO

QUICK FACTS

- Maxxis Aspen 2.4 on 30mm rim, 0.9f/1.0r bar with CushCore front and rear
- Shimano 34t chainring
- Moto foam placed in areas on the frame that could collect mud
- Fox Factory suspension on point for the slick and tricky roots both on the climbs and descents. Matched with the tire choice, this extra set-up care provided best traction
- 100% Speedcraft glasses for max mud coverage
